DEATH OF JOHN I. CHEVRIE.

Passes Away After Short Illness. Funeral Largely Attended at M. E. Church Sunday.

1914

John I. Chevrie was born in Galien township at the homestead of Mr. and Mrs. Joseph Chevrie on the 16th of March 1878, and died at his home in this village on Thursday last about midday, April 3rd. Mr. Chevrie was the ninth child of a family of thirteen children. He was a lad of sixteen when his father died On December 13, 1898, he was united in marriage to Miss Luella Mae VanTilburg, who lived in the neighborhood of his boyhood home. They are well known throughout the community, as they have resided in and about Three Oaks since their marriage.

Death claimed its victim with a suddeness that has astounded the whole community; typhoid-pneumonia sapped his vital energy in ten days, following from a slight exposure. Mr. Chevrie seemed to have a premonition that the end was near. He became greatly concerned about his soul's salvation; he prayed earnestly for some time and then asked that Rev. Mr. Maynard be asked to come and help him. He looked to Jesus for pardon and yielded his life to God. At their request Rev. Mr. Maynard baptized both Mr. and Mrs. Chevrie a short time before his death.

He leaves his wife, his mother and five brothers and sisters to mourn his departure. These latter are:- Mrs. John Rodgers of Three Oaks, Mrs. Robert Doyle of Galien, Frank Chevrie of Almont, Mich, Mrs Will Paddoff of Buchanan and Chas Chevrie of Galien.

The funeral, held in the Methodist Episcopal church Sunday afternoon, was attended by a large number of friends and neighbors both from here and Galien. A quartet composed of Misses Lois Fisher and Maud Warren and Messrs. Allen Morehouse and W. B. Stickle sang, "Does Jesus Care," "Shadows" and "It Is Well With My Soul". The pall bearers were: Fred Ludtke, Lester Lee, Edward Drier, Earl Hard, Bert Rohl and Guy Heward Burial took place at the Galien cemetery. Over sixty viewed the remains at the grave.

Mr. Maynard's text was "As Jehovah liveth and thy soul liveth, there is but a step between me and death." He told how Mr. Chevrie in his illness had sent for him and how he became a Christian and was baptized with his wife. Mr. Maynard spoke of how necessary it is for us to take the step before it is too late, for all are not given this privilege before death. The talk was a splendid one and it it will long linger in the memory of many.

"Yes, when this flesh and heart shall fail,
And mortal life shall cease,
I shall possess, within the veil,
A life of joy and peace

"The earth shall soon dissolve like snow,
The sun forbear to shine,
But God, who called me here below,
Will be forever mine".

COLUMBUS SCHOOL JANITOR, SOON 80, GIVEN SURPRISE

M. L. Van Tillburg, 80 years' old Sunday, will celebrate his birthday at a big family dinner at noon at his home, 653 Ogden avenue.

Sons and daughters, who will be present to help him observe the auspicious date, are Mr. and Mrs. J. Goodenough of Chicago; Mrs. William McCoy and family of Kenosha, Wis.; Mr. and Mrs. C. Sutton of Hudson Lake, Ind.; and Mr. and Mrs. Schuyler Van Tillburg of New Carlisle, Ind. A brother-in-law and sister, Mr. and Mrs. James Renbarger of Galien, and Mrs. Van Tillburg's son and his wife, Mr. and Mrs. Leo Johnson, and their son, Leroy of Benton Harbor, will also attend.

Mr. Van Tillburg, snowy-haired and affable, has been janitor at the Columbus school, where he is beloved by all of the boys and girls, for 16 of the 25 years that he has made his home in Benton Harbor.

Friday the children, who fondly call him "grandpa," gave him a birthday surprise just after school called for the afternoon session. They and their teachers gathered in the halls downstairs and on the stairways and sang to him the "Happy Birthday Song," much to his delight. Jane Marshall, Jeanne Tauner, and Doris Huxman played piano solos for his pleasure. From the school he received two shiny gold pieces, one of $10 and another of $5.

Mr. Van Tillburg knows and loves each individual child in the school's enrollment of 300. Whenever a pupil is absent for any length of time, say perhaps a week, he is missed by "grandpa," who inquires of the teachers why he is not there.

The surprise party was a happy one for teachers, kiddies, and honored guest.

M. L. Vantilburg of Benton Harbor, Mrs. Jesse Goodenough of South Bend, and Mrs. John Chevrie of Three Oaks, were called here Monday on account of the death of Myrtle Vantilburg. They were guests at the James Renbarger home.

Word comes of a terrible accident Monday at Elkhart when an automobile was struck by a street car and the occupants in the automobile, Mrs. Lee Johnson and sister and husband of South Bend were killed. Mrs. Lee Johnson was a daughter-in-law of Mrs. M. L. Vantilburg of Benton Harbor.

BUCHANAN MAN IS EYE WITNESS OF FATAL ACCIDENT AT ELKHART

1932

H. S. Hiller of Buchanan, sitting in a forward seat of the smoking compartment of an interurban car, was an eye witness Monday morning at Elkhart of a collision which cost the lives of three.

The victims are Pearl McClelland, 25, South Bend; Alberta McClelland, 33, his wife; Mrs. Ollie Johnson, 37, South Bend, wife of Leo L. Johnson.

All three suffered skull fractures and other injuries. McClelland died almost immediately and the two women within four hours after removal to the General hospital.

They were riding in a Ford car, which was completely demolished by the terrific impact, at West Franklin street and Indiana avenue. Mr. Hiller stated that both interurban and automobile were traveling at such speed that it was impossible to avert a collision.

The automobile was literally ground to pieces; the largest parts left intact were the engine and rear axle.

Milburn Bissell, son of Lew Bissell, and Christina Jannasch, youngest daughter of Mr. G. A. Jannasch, were married at Benton H[arbor] Sunday afternoon.

Mr. and Mrs. Pearl McClelland and Mrs. Olive Johnson Are Victims.

One person was instantly killed, one other received fatal injuries and one was seriously injured when the Ford touring car, in which they were riding was struck by South Bend bound interurban car No. 305 in the western suburbs of Elkhart at 9:15 o'clock Monday morning.

THE DEAD.

Mr. Pearl McClelland, 410 S. William st.

Young woman, supposed to be Mrs. Olive Johnson, 1214 S. Main st.

THE INJURED.

Mrs. Pearl McClelland, 410 S. Wiliam st.

Some difficulty was experienced in establishing the identity of the victims as the two injured passengers of the machine were unconscious but an identification card in the pocket of Mr. McClelland and other papers found in a small hand bag, which was picked up in the wreckage served as a clew and verification was obtained by inquiry at the South Bend residences of the victims.

Car Crossing Tracks.

The Ford was crossing the tracks at the Franklin st intersection of Indiana av., Elkhart, traveling at an estimated rate of 30 miles an hour when the interurban, said to have been running at about the same rate, crashed into the automobile. The auto was pushed under the wheels of the car about 150 feet before the car was topped and the machine was literally ground to pieces. When the train crew and passengers reached the victims, Mr. McClelland was dead and the two women were unconscious. The injured were rushed to the Elkhart hospital, where the younger woman died about two hours later. Passengers on the car say that the side-curtains on the machine were in place and it is believed that Mr. McClelland who was supposed to have been driving was prevented from seeing the approaching car.

Inquiry at the local residences failed to unearth any further information as it was not known that the party was going to Elkhart. Neighbors of the McClellands say that they drove away in their newly purchased Ford about 8 o'clock. At the C. H. DeGreese Co. office, where Mr. McClelland was employed as a truck driver it was learned that he had brought his father, an aged man employed at the Rubber Regenerating Co., there about 6 o'clock in the morning and left shortly afterward.

Identify Woman.

Mr. Johnson, a brother of Mrs. McClelland, who is employed at the Studebaker plant, was not apprised of the accident until he came home at noon for lunch. He told neighbors that he did not know of his wife's intentions to take the trip. However it has not been definitely established whether the young woman is Mrs. Johnson. Identification is held up pending the arrival in Elkhart of relatives. Efforts to locate Mr. McClelland's father were unavailing.

A search of Mr. McClelland's pockets revealed a receipt from the Hinkle Motor Co. and a Michigan fishing license in addition to a draft identification card made out to Pearl McClelland, Shecook, Okla.

The interurban car was in charge of Motorman C. M. White, 714 N. Cushing st., and F. D. Kaley, 1545 Eighth st., both of South Bend.

Mrs. Jesse Goodenough.

GALIEN — Funeral services for Mrs. Olive Goodenough, wife of Jesse Goodenough, will be held at 2 p.m. Sunday in the Latter Day Saints Church with Elder Joseph Gross, the pastor, assisted by Elder J. W. McKnight, the retired pastor, officiating. Burial will be in Galien Cemetery. Mrs. Goodenough died Thursday morning in the family home in Goshen, Ind. The body will be brought Saturday to the Kennedy-Connelly Funeral Home, where friends may call until noon Sunday, and then in the church. July 2 1953

1932

Two South Bend persons were killed instantly and another fatally injured at the Franklin and Indiana street crossing at Elkhart, Ind., this morning at 9:15 o'clock when an automobile in which the three persons were riding was struck by a Northern Indiana interurban car, No. 305, operated by Conductor S. D. Kaley and Motorman C. M. White. The automobile was running at virtually 30 miles an hour, according to passengers on the interurban.

Pearl McClelland, of 410 South Williams street, an employe of the Walter C. Miller company; his wife, and Mrs. Leo Johnson, 1214 South Main street, his wife's sister, are the victims of the accident. It was raining at the time of the accident and it was said the automobile had side curtains on. It is believed that Mr. McClelland did not see the car coming. The interurban stopped about 150 feet from the crossing, passengers say.

Mr. McClelland and his wife left between 8 and 9 o'clock this morning for Elkhart, according to Mrs. M. Wesoloski of 414 South Williams street, who believed that they were going to Elkhart to visit Mrs. McClelland's relatives. They must have been starting out for a long trip, G. A. Thomas, of Elkhart, a passenger on the interurban, believes, for the car was filled with provisions such as would be taken on a camping trip.

A letter addressed to Irving DeCamp, 216 South Main street, was found [in] McClelland's pocket.

William H. Renbarger Passes Away Sunday

William H. Renbarger, life long resident of Galien township, died suddenly at his home Sunday afternoon at the age of 74.

Mr. Renbarger was born May 13, 1876, in Galien township and was the son of Mr. and Mrs. Winfield Renbarger. He and Mrs. Renbarger celebrated their golden wedding anniversary three years ago. He was a member of the Oddfellow and Rebekah lodges. 1950

Funeral services were held at the Latter Day Saints Church Wednesday afternoon, Elder John P. Rees officiating assisted by Elder J. W. McKnight. Burial was in Galien cemetery.

This was an article from Indianapolis paper

Greencastle, Ind., September 19 (Special)-- A new and unusual addition to the roster of DePauw's Music School students is Forrest Goodenough, 710 Laverock Road, Indianapolis, who, though totally blind, is earning his way through DePauw tuning the University's pianos.

Actual classes at DePauw started only this week, but Goodenough, since he has been in Greencastle since early August tuning his pianos, is more familiar with the campus and how to get around it than many of the freshmen.

He goes to his classes alone and needs no help at all except in his studies and composition. He keeps two readers (NYA workers supplied by the University) busy with copying and reading music history to him.

Goodenough is living in Florence Hall, a men's dormitory, and has been pledged to the Men's Hall Association. His new brothers in the Hall have made him feel quite welcome and although he planned to go home to Indianapolis every weekend for at least the first month he says now, "I think I'll be able to stay for a month at a stretch."

A student in piano composition, he has this first week at school been excused from the beginning work in harmony and ear training, although he presented no credits for those courses when entering the University. A member of the music faculty in speaking of him attributes his remarkable aptitude to the sharpness of his ear as well as a definite flair for the work he does.

Bridal Shower Honors Miss Joan Berry Aug 4 1960

Miss Joan Berry, daughter of Mr. and Mrs. Corwin Berry, was feted at a miscellaneous bridal shower last week at the home of her grandmother, Mrs. Fred Tebodo in Sawyer.

Miss Berry will become the bride of Dale Anderson on Aug. 27 at the Three Oaks Methodist church.

Prizes at games were won by Mrs. Harriette Smith, Mrs. Nora Miller, Miss Jean Benke and Mrs. Bobbe Miars, who in turn presented them to the bride-to-be.

The gift table was covered with a lace cloth and centered with a bowl of garden flowers and white roses. The 19 guests were from Three Oaks and Sawyer.

Refreshments were served by the hostess who was assisted by Mr. Alice Shriber and Joan's mother.

------for the work he does.

It is his hearing, too, that helps to do without his eyes and without help in a way that is astounding to one who has not heard him explain his system. As he walks along the campus walks and the streets of the town, Goodenough explained, every object that he passes sends back to him in varying intensity an echo of the sound of his heels. To his trained ear, it is a simple matter to tell the size, height and proximity of any object by its echo.

He is familiar with the shrubbery and other landmarks around the campus and, of course, since he can hear the "echo of the curbing" he has no trouble at all with steps going up. Steps going down are a little harder since they, of course, throw back to wave of sound, until actually on them. Explaining one particularly difficult set of steps, Goodenough said, laughing, "When I come to those, I proceed with caution."

Goodenough has had two year of Liberal Arts work at Butler University and is enrolled at DePauw as a junior. He hopes to take graduate work in Piano Composition. Only 22, he has been blind since he was five years old, plays the piano, the organ and the flute. He took his high school work at the Indiana School for the Blind.

Trust Officer

Gentlemen:

Your letter dated September 22, 1947, with check for $40.00 which represents payment of 1/6 of the net proceeds of the assets deposited under Trust Agreement dated June 17, 1936, between the heirs-at-law of Martin L. Vantilburg and Mr. Poundstone, Trustee.

With our brother, Mr. Schuyler C. Vantilburg, and his entire family consisting of his wife and one child, dead, thereby leaving no heirs to his estate, what was done with his share of the distribution? Should it not be in line for distribution equally to his three sisters, namely:

Mrs. Olive Viella Goodenough
Mrs. Minnie Pearl Sutton and
Mrs. Luella May McCoy

Will you kindly supply the information as to how you arrive at the 1/6 of the net proceeds of the assets deposited, and who might the shareholders be other than we three sisters, as named above.

Was this Premier Bond held jointly by Martin L. Vantilburg and Ida Bell Vantilburg; or if held by our father, Martin L. Vantilburg, only. Since his wife, Ida Bell Vantilburg, is dead, do her heirs have legal right in the distribution of his holdings?

I should appreciate very much this information and thank you in advance for it, in accordance with your statement in third paragraph of your letter of Sept. 22, 1947, as glad to answer any questions in connection with this distribution.

"Mother Shipton's Prophecy"

(First published in England some 400 years ago)

Carriages without horses shall go
And accidents fill the world with woe.
Around the world thoughts shall fly
In the twinkling of any eye.
The world upside down shall be
And gold be found at the root of a tree.

Through hills man shall ride
And no horse be at his side.
Under water men shall walk,
Shall ride, shall sleep, shall talk.
In the air men shall be seen
In black, in white, in green.
Iron in the water shall float
As easy as a wooden boat.
Gold shall be found and shown
In a land that's not now known.
Fire and water shall wonders do.
England shall at last admit a foe.
When pictures look alive with movements free;
When ships like fishes swim beneath ~~beneath~~ the sea
When men, outstripping birds, can scour the sky;
Then half the world, deep drenched in blood, shall die
All things to an end shall come--
In nineteen hundred and forty-one.

Mrs. Kenneth Renberger is dead. The announcement casts a dark pall over the entire community. Never was the saying, "Death loves a shining mark," more clearly demonstrated to the people of this community. Her death occurred early Saturday morning, March 20th, at her home. Her death creates a sadness in this community, where Mrs. Renberger was so well known and so well liked, that is immeasurable, She leaves a husband and sister, who have the sympathy of all.

We look with hope beyond the vale
For brighter days to come,
When tears shall all be wiped away,
In our eternal home.

We'll hope and pray as time speeds on,
That we may understand
Why loved ones go and we remain,
In God's unchanging plan.

We can not say just why 'tis so,
We only know 'tis thus—
The spirit must return to God—
Earth to earth, and dust to dust.

'Tis thine, O, Lord, to give and take,
'Tis ours to say "Thy will" and bear;
Then give us grace, O Lord, to wait
For that glad meeting over there.

CONDUCTOR, 76, STILL ON JOB

Ross J. Bulla Says He's Not Ready To Retire.

"When my left foot won't follow the right one. That's the only time I'll retire."

And on that note, 76-year-old Ross J. Bulla eagerly started his 61st year with the New York Central system. He has been on the job as passenger conductor for the last 40 years and loves it.

The tall, husky Bulla, who began railroading May 30, 1891, "just to earn some money," said he has been happy in his work.

"I've gotten a lot of interest and a big kick out of my job," he said. "You don't ever get stale on a job like mine, because you never get the same train or the same kind of passengers. The variety makes the job attractive."

Started as Timekeeper.

Bulla started with the railroad as a timekeeper in an Elkhart, Ind., roundhouse at 10 cents an hour. Then he became call boy, office clerk, fireman, brakeman, freight conductor and finally, in 1911, passenger conductor.

He met his wife, Alice, on a run from Chicago to Toledo, O., and proposed to her before the end of the trip. They were married three months later and consider themselves "as happy as any one."

The quick-moving septegenarian holds the highest seniority in the western division of the railroad. Only two men in the system hold greater seniority.

He works on two of the railroad's crack trains, the Twentieth Century Limited from Toledo to Chicago, and the Commodore Vanderbilt from Chicago to Toledo.

On his 60th anniversary with the N. Y. C. he received letters from railway officials who praise his long and faithful service.

Avid Baseball Fan.

The veteran trainman, an avid baseball fan, "likes to just sit around and read and play cards" on his time off. He was born near Hudson lake, near New Carlisle, this county. He moved to Elkhart when he was six and to South Bend in 1939.

Great responsibilities come with being a conductor, he says and one learns a lot of psychology it's just the odds and ends that make trouble," he philosophizes.

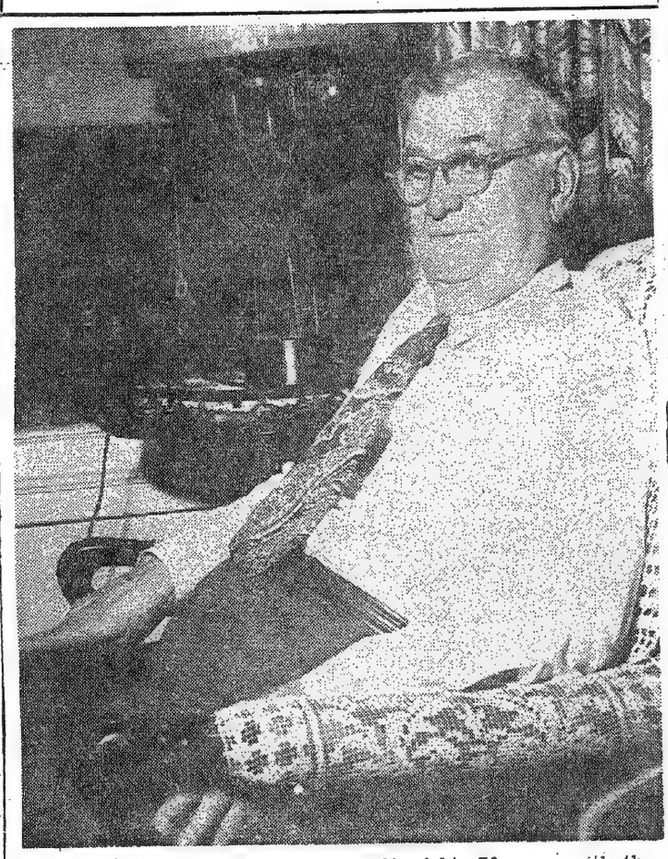
Bulla has rubbed shoulders with such personalities as Herbert Hoover, Billie Burke, James Farley, Mae West and Margaret O'Brien and the late Al Jolson. Fine people," he says.

"We used to wear a long spiked-tailed coat when we were conductors way back," he said. "But today uniforms are more comfortable and so is the job."

Bulla has never been in a wreck, but there have been traffic accidents with his trains that means death for 15 persons.

The father of two daughters, Bulla has three grandsons.

60 YEARS WITH RAILROAD.



Ross J. Bulla, who has served 60 of his 76 years with the New York Central system, relaxes in his home at 2614 Hemlock place. He began with the company May 30, 1891, as a timekeeper at Elkhart, Ind., and has spent the last 40 years as a passenger conductor. He's starting his 61st year confidently, and says he won't retire until his legs give out.

WALKER WINS EASILY.

Walks to South Bend in 4 Hours and 2 Minutes.

That Major Walker cannot be bluffed and that he can deliver the goods can be testified to by a few New Carlisle sports who are out several plunks as a result of calling Landlord Walker yesterday. Wednesday evening, soon after Weston left New Carlisle, Major accepted a bet of $10 that he could not walk to South Bend in 5 hours. Walker, accompanied by a few body guards in a buggy, began his stunt about 3 o'clock yesterday morning. He reached the Oliver hotel in just 4 hours and 2 minutes and done it easily. Major says it was easy money. He states that he is open to all comers and would even consider a challenge from Weston. Between $35 and $[illegible] changed hands.

Sept 23 Married. 1904

Mr. Major Walker and Miss Julia A. Sprague, well known young people of New Carlisle, were quietly united in marriage at the First M. E. parsonage this morning by Rev. M. H. Appleby. MORTUARY RECORD.

Charlotte Jane Walker.

Charlotte Jane, infant daughter of Frank and Ella Walker, was born Aug. 13th, 1908 and died Sunday, March 21, 1909. Only seven short months she gladdened their home with her bright face and sweet baby ways and then death claimed her after a short illness of but a few days.

Darling Baby! We know that our loss is her gain. The bright eternal doors have closed after her and in this world we shall see her sweet face no more; yet the blessed influence of her short life will still live on. Besides the bereaved parents she leaves one little sister.

"There's a pair of baby hands
Laid to rest forever more;
There's two pearly dimpled cheeks
Whose rich blossoming is o'er.
Death has sealed two little eyes
That will no more smile or weep,
Tiny windows of the soul
Little baby's gone to sleep.

She will wake in fairer lands
Where the angel voices sing,
Through the door the angels made
Darling baby has passed in.
She has reached the golden shore
Through the river cold and deep
Angels bore her safely o'er,
Little baby's gone to sleep.

The funeral services were held at the residence Tuesday morning at 10 o'clock, Rev. D. A. Rodgers officiating. Interment at the New Carlisle cemetery. 1909

Confusion in Time Finds New Limits

By JACK COLWELL.
Tribune Staff Writer.

Time confusion will have new boundaries when it returns to Indiana at 2 a.m. Sunday — the traditional date for the end of daylight saving time.

Year-around fast time has pushed a little farther to the west, leaving only 17 counties and parts of six others in the area which will push clock hands back an hour and return to Central Standard Time.

Last winter there were 24 counties where just about everybody observed CST.

County in Fast Area.

St. Joseph County makes up the most populous area joining the forever-fast area.

Moving boundaries will mean new spots for confusion.

Last winter, for example, persons traveling between fast-time Elkhart County and slow-time St. Joseph County were victims of different clock readings.

This snow season, Elkhart and St. Joseph Counties will observe the same time, but new confusion will arise to the west where St. Joseph and LaPorte Counties will now be on different times.

Two Main Pockets.

There will be two main pockets of Central Standard Time in the state.

One spreads east from Chicago and includes Lakes, Porter and LaPorte Counties and parts of Newton and Jasper Counties.

The other is the southwest portion of the state, including Evansville and Terre Haute.

Just what year-around fast time will be called in St. Joseph and other counties which have moved themselves out of the Central Standard Time zone set by the Interstate Commerce Commission is uncertain.

Official Zone Cited.

The Eastern Standard Time zone officially ends at the western edge of Elkhart and Kosciusko Counties in this portion of the state.

During the summer in these parts, the time was called Central Daylight Time (which is just the same as EST) and that likely will be the official designation for the time this winter.

Hoosiers traditionally have shown, however, that they care little for anything "official" when it comes to time.

There are 43 counties in the year-around fast time area which are in the EST zone designated by the ICC. Fast time also will cover most or all of 32 other counties which are on the CST side of the ICC line.

Other Cities Join.

Cities joining in year - around fast time include Knox, North Judson and Rensselaer.

Jasper County will be one of the "split" counties, with the northern part switching back an hour to join the Calumet area while Rensselaer ignores the clock switching.

Television viewers in the area staying on fast time will find programs on an hour later in most cases effective Sunday.

Throughout the nation, some 90 million Americans will turn their clocks back after observing daylight saving time during the summer. For them, it means that the hour lost in the spring with the change to daylight time will be regained Sunday.

In Indiana it won't be until the last Sunday in April that clocks will experience togetherness again. That's when the winter slow time advocates will switch to Central Daylight Time again, joining the rest of the state.

IN MEMORIAM. 1909

Entered into Rest, Saturday, April 10, 1909, at Neodesha, Kan., John B. Dowling. He was born in Knox County, Ohio, May 14, 1829, and had therefore remained on earth long enough to almost round out his fourscore years.

When very young his parents removed to a farm near Mount Gilead, in the State of his birth, and here he lived until he reached manhood, with the exception of two years spent in Bellville, Richland County, where his father, Elder William Dowling, Sr., served as pastor of the Christian church. During these two years he was a student in a famous high school then conducted in that village by an eminent teacher, and qualified himself for a teacher.

In the spring of 1851 he removed to Noble County, Indiana, where he resided for a number of years, engaged in lumber and building enterprises, the towns of Lisbon and Kendallville being his home for the most of the time.

In the sixties he removed to a farm near Galien, in Berrien County, Mich., where he continued to reside until 1898, when he and his family went with a colony to South Carolina. This not proving altogether satisfactory, he returned northward in 1901, and settled at Carthage, Mo., which continued to be his home until 1906, when he removed to Neodesha, Kan.

In his boyhood days he made a profession of his faith in Christ, and for considerable more than threescore years led a consistent and useful Christian life. Wherever he has lived he has been active in the Sunday-school and church work, and in all things to a greater extent than most men has "adorned the doctrine of Christ our Saviour by a godly life and conversation."

He had two brothers in the flesh, William W. Dowling, of St. Louis, Mo., and Dr. Levi H. Dowling, of Los Angeles, Cal., both of whom "remain until this day;" and five sisters, all of whom, except Mrs. Mahala Weaver, of Kendallville, Ind., "have fallen asleep."

He is survived by his beloved wife, Mrs. Emma Eggleston-Dowling, and their two sons, Willis, of Neodesha, Kan., and Encil, of Danville, Ill.

The following letter from Brother J. W. Carpenter, the pastor of the Christian church at Neodesha, gives some additional particulars, which we are glad to give a place in this memorial.

the Spirit, that they rest from their labors and their works do follow them." Their labor

"Servant of God, well done!
Rest from thy loved employ;
The battle fought, the victory won,
Enter thy Master's joy.

"The voice at midnight came;
He started up to hear;
A mortal arrow pierced his frame;
He fell, but felt no fear.

"Tranquil amid alarms,
It found him on the field,
A veteran slumbering on his arms,
Beneath his red cross shield.

"At midnight came the cry,
'To meet thy God, prepare!'
He woke and caught his Captain's eye
Then, strong in faith and prayer,

"His spirit, with a bound,
Left its encumbering clay;
His tent, at sunrise, on the ground
A darkened ruin lay.

"The pains of death are past;
Labor and sorrow cease,
And, life's long warfare closed at last,
His soul is found in peace."

W. W. D

NEODESHA, KAN., April 23, 1909.

"DEAR BROTHER DOWLING: At the funeral of Brother J. B. Dowling mention was made of his nobility of character and purity of purpose, and the fact was emphasized that, judged from a moral and religious standpoint, his life had been eminently successful. His faithfulness to the cause was mentioned, and his loyal support of the pastor in kindly words of encouragement noted. In his 79th year he donated seventeen days' labor to the building of the church, and none were more interested than he in the success of the building enterprise. At our last annual election of church officials he was unanimously elected elder for life. He served his generation well, and fell asleep, having but a few days previous expressed his desire for home."

New Carlisle Board Votes Fast Time

The New Carlisle Town Board Tuesday night adopted a resolution putting the community on year-round fast time to conform with South Bend and Mishawaka.

John Norris, president of the New Carlisle Business and Professional Men's Assn., said business establishments will go along with the action and follow Eastern Standard Time the year round.

School officials said they will meet in the near future to determine what if any changes in the daily class schedules in the two schools are needed as a result.

The action followed resolutions adopted Sept. 10 by the city councils of South Bend and Mishawaka putting their communities on year-round fast time.

Time Change To Cost Hudson Twp. $3,000

1962

The Tribune's Special Service.

LAPORTE—Hudson Twp. Trustee Joseph Colanese said today that the time-zone differences between LaPorte and St. Joseph County, which will occur at 2 a.m. Sunday, will cost the township about $3,000 in additional school bus expenses.

All school bus routes will be altered due to the time change, which will see St. Joseph County stay on Central Daylight Time while LaPorte County switches back to Central Standard Time, Colanese said.

The new routes will result in additional miles of bus travel, he said.

Effective Monday, he said, buses picking up students from the township attending New Carlisle High School in St. Joseph County and the Hudson Twp. elementary school will operate on fast-time schedules.

Buses transporting children to Rolling Prairie High School will operate on Central Standard Time.

Five Admit Break-Ins

Five rural New Carlisle teenagers were referred to circuit court probation department officers Monday by Sheriff Frank E. Herrbach following their arrest for committing a series of burglaries of Hudson Lake area cottages during the past three months.

The youths, one 15-year-old, three 16-year-olds and a 17-year-old, were all rounded up by sheriff's deputies last week and admitted breaking into three cottages, tampering with the mails and breaking out several windows of various buildings.

The break-ins also included illegal entry of the Hudson Lake Casino where paint, chairs and other articles were taken.

Sheriff Herrbach said a few of the articles taken by the quintet, bed sheets and blankets, were recovered from an abandoned building where they had stashed it. No money was taken during their crime spree, he related.

Three of the boys were temporarily held in county jail here, but all five have now been released to custody of their parents pending court acttion, the sheriff declared.

The driver of the westbound semi-trailer truck that crashed into the rear end of the car and sent it spinning into a nearby field was Daunn Bierly, 46, of Harrisburg, Pa.

Dr. Stanley Clark, X-Ray Pioneer, Dies

April 17 1963

Dr. Stanley A. Clark, South Bend physician for 46 years and a pioneer in the use of X-ray, died at 7:30 a.m. today in his home, 1242 E. Jefferson Blvd.

DR. CLARK

A founder of the South Bend Medical Foundation, a member of the board of managers of Healthwin Hospital for 43 years, former president of the staff of Memorial Hospital and a former bank president, Dr. Clark retired from his practice in 1947 but continued his various medical activities in the city until his illness.

He was born in Galien on July 14, 1877, and attended Hahnemann Medical College in Chicago, receiving his degree of Doctor of Medicine in 1898. He became a physician in Galien at the age of 21.

Following two years of practice there he came to South Bend in 1901 with the city's first X-ray machine. The X-ray had been discovered only six years before. The day Dr. Clark came to South Bend Epworth Hospital (now Memorial) opened with 35 beds.

Studies in Vienna.

In 1911 Dr. Clark went to Vienna, primarily to study pathology, but he also took a course on the X-ray and when he returned to South Bend he bought new X-ray apparatus, joined the Tuberculosis League, offered free X-rays for suspected tuberculars and soon stimulated enough interest that the county was able to secure a state law providing for the construction of Healthwin.

He became a board member of the new hospital and retained the position until 1957.

In 1913 Dr. Clark was one of a group of physicians dissatisfied with the necessity of sending specimens to Indianapolis for the purpose of disease diagnosis.

Collapses Lung.

They secured a basement room in Epworth Hospital, hired a pathologist and established a stock corporation, the South Bend Medical Laboratory, forerunner of today's Medical Foundation at W. Navarre and N. Main Sts.

Along with his leadership in the use of X-ray, Dr. Clark was a surgeon. When it was discovered that lung tissue diseased with tuberculosis would often heal if the lung were collapsed he performed the first such operation in this area at Healthwin.

He served as county coroner from 1906 through 1910 and during World War I was a captain in the Army Medical Corps.

In 1934 Dr. Clark helped re-organize the Citizens National Bank. Renamed the City National Bank and later the National Bank & Trust Co., it was under his presidency for 10 years.

He was one of the founders of the St. Joseph County Cancer Society and in 1937 went into a partnership in X-ray specializing.

Noted for his contributions to charities and philanthropic projects, Dr. Clark was responsible for the health center at the Wood Lake, Mich., Boy Scout camp, and initiated the building and site fund for the Galien High School expansion in 1947 which resulted in a new 30-room building.

He later donated the money for the school's cafeteria, kindergarten room and physics laboratory. In 1953 he contributed $50,000 to the St. Joseph County Hospital Development drive.

Dr. Clark married Miss Flora Pollock in 1917. She was the daughter of the manager of the Singer Manufacturing Co. and Dr. Clark was the plant's physician. For the last 30 years they had resided at 1242 E. Jefferson Blvd. in the home they built 30 years ago.

He is survived by his wife and by a sister, Mrs. Winifred Babcock of Detroit.

Friends may call after 3 p.m. Wednesday in the Russell Funeral Chapel until noon Thursday when the body will be taken to the First Presbyterian Church for viewing until the funeral at 2 p.m. Rev. Daniel W. Fowler, pastor, will officiate and burial will be in Riverview Cemetery.

Accident In Area Disrupts Wedding

1962

NEW CARLISLE—A traffic mishap at 4:40 a. m. today threw a crimp into arrangements of a scheduled New Carlisle wedding when two members of the wedding party and a relative were taken to South Bend Memorial hospital for treatment of injuries.

The driver of the auto, George E. Blackston, 34, of 110 East Chestnut street, and two passengers, Donald R. Wilson, Jr., 24, of 129 East Michigan street, and Myron W. Browne, 22, of 129 East Michigan street, all of New Carlisle, were admitted for treatment. Blackston is reported in fair condition, suffering from a compound fracture of the right leg, a fractured right hip, fractured right wrist, and multiple lacerations of the face and head.

Released

Both Browne and Wilson were released following treatment. Browne was given attention for lacerations of the upper left arm and upper lip, while Wilson was treated for multiple lacerations and examined for a possible skull fracture and possible facial fractures.

Wilson and Brown are scheduled as ushers for the 6 p. m. wedding today of Browne's sister, Marilyn, to Frank Burnett. The driver of the auto, Blackston, is the uncle of Marilyn and Myron Browne. It was not known at press time whether wedding arrangements were still scheduled.

The accident occurred on County Road 700N, about 2,000 feet west of Chicago road near East Lake park at Hudson Lake. Deputy Sheriff Roger Nickell and Trooper Norman Wedow, who investigated, say the convertible turned over in the middle of the road after sideswiping a utility pole and knocking down another.

Hudson Lake residents, where lights were knocked out with power lines disturbed, called New Carlisle volunteer firemen to the scene. The firemen freed the three mn who were trapped inside the auto for almost a half-hour.

The Tribune's Special Service.

BUCHANAN — Mrs. Luella Gaietta Penwell, of Buchanan, will be 103 years old Saturday. A resident of Berrien County for 100 years, she is Buchanan's oldest resident.

As she nears her 103rd anniversary, Mrs. Penwell is a patient in the Barrett Rest Haven at Clear Lake Woods. Because of her health there will be no party to celebrate her birthday although she will receive the customary cake from her family.

Mrs. Penwell, who stands five feet tall, has said many times that she attributes her longevity to years of living actively and calmly with plenty of hard work, first with helping care for her younger brothers and sisters and later her own five children.

Quits Hobbies at 100.

She had passed her 100th anniversary before she was forced to give up doing chores around the house and her hobbies of making quilts and rugs. Her eyesight and hearing have failed during the last three years.

A native of Indiana, she was born in Wells County, Sept. 22, 1859 the eldest of nine children born to Smits and Eunice Ludlum. As a child she became inured to the rigors of pioneer life in a log cabin. She was only 2 years old when she came to Michigan with her parents. They lived in another log cabin near New Troy for a number of years. The trip from Indiana to Michigan was made in a covered wagon in midwinter and the wagon was heated by a wood stove.

Mark 50th Anniversary.

She was married to Landon Penwell, Mary 30, 1880 and for many years they lived on a farm near New Troy. Mr. Penwell died in 1930 a short time after they celebrated their 50th wedding anniversary. In 1943 Mrs. Penwell came to Buchanan to reside with her son-in-law and daughter, Mr. and Mrs. Fred Hamilton, who until they moved to St. Petersburg, Fla., two weeks ago, resided at 305 Sylvan Ave.

MICHIGAN CITY WRECKS OASIS

Washington Park Amusement Area To Be Ended.

1962

The Tribune's Special Service.

MICHIGAN CITY — Wrecking crews Saturday began tearing down, the bathhouse and the Oasis, a former dance hall, to write a finish to an amusement area which existed in Washington Park for half a century.

Harold Barr, general manager of the Lake View Amusement Co., which owns the building, said the wrecking "is wrapping up forever any hope for an amusement section in the park.

Barr's lease with the city to renew operations this year was not renewed because of a court decision which determined that a city could not lease public property to a private concern.

South Bend Firm Hired.

"It's foolish to think that anyone will invest $1 million in an amusement center now," Barr said.

Barr said he hired Ham, the Wrecker, of South Bend, to clear both the bathhouse and the Oasis within 30 days. This will leave two ride buildings and an office remaining.

These structures will be removed before Dec. 31, Barr said.

Barr said he will remain in the amusement business "but there's not much here for me anymore."

Income Off in Year.

The east end of the bathhouse already has been torn away and a portion of the roof removed. Demolition work also has begun in the interior of the Oasis but the building, which in recent years housed coin - operated amusement devices, will not be destroyed until work on the bathhouse is completed.

James W. Cook, parks and recreation department director, said income at Washington Park was down more than $11,000 over last year. Part of the loss was attributed to a $9,000 lease fee from Lake View Amusement.

All Rides Removed.

All the rides at the park have been removed and the amusement area, once the major attraction of Washington Park, was deserted this summer.

Cook said the park board anticipated a loss income this summer but was not happy about the drop in attendance.

Barr said the South Bend firm was low bidder on the demolition project. Much of the material taken from the buildings is being salvaged.

The park department has indicated it hopes to rebuild the area into an amusement center but lack of money has prevented such a program, at least in the immediate future.

MOULDING STRIP STOLEN.

C. L. Kinch, 909 Oakland St., South Bend, a caretaker at Riverview Lodge, 515 E. Madison St., reported to police Monday the theft of 100 feet of inside moulding from a porch swing at the lodge. He did not list the value of the moulding. 1963

Truck-Auto Crash Kills Boy; 3 Hurt

An 18-year-old LaCrosse boy was killed and his brother and two New Carlisle girls seriously injured about 12:50 a.m. today when their car was rammed from the rear by a semi - trailer truck on Ind. 2, about four miles west of South Bend.

Keith Feece, 18, of LaCrosse, was pronounced dead at the scene by Deputy Coroner Dr. F. D. Nelson. The boy died of a fractured neck and internal injuries.

In critical condition at Memorial Hospital is Lawrence Feece, 20, the dead youth's brother who suffered head and chest injuries.

Bonnie Flinchum, 16, and Sandra Bowker, 17, both of New Carlisle, are listed in fair condition today at Memorial Hospital.

Two Girls Injured.

Bonnie suffered a fractured nose and a dislocated right hip and Sandra is being treated for a scalp laceration and possible head injuries, authorities at the hospital said.

The driver of the truck, Daunn Bierly, 46, of Harrisburg, Pa., escaped with minor cuts and bruises and was discharged from the hospital after treatment.

St. Joseph County Sheriff's Deputies Yale Waidner and Sgt. Abe Pomeranz were stopped about a quarter of a mile east of the scene helping a stalled semi-trailer at the time of the accident.

There were no witnesses but the truck driver to the actual collision but Deputy Waidner said they looked up to see the huge semi rig skidding across the pavement on its side after the collision.

The semi truck came to a rest on its side in the medial strip.

Three Trapped in Car.

Deputies found the mangled car in a field off the north side of the dual lane road. The two girls and the dead boy were trapped in the wreckage.

Lawrence Feece had apparently been thrown from the auto at the collision. He was lying in the highway near the point of impact.

Bierly told deputies that he was driving his truck west in the traffic lane when the car suddenly appeared in front of him. He did not have time to apply his brakes before the right front of the tractor rammed into the rear end of the two-door sedan, he said.

Deputies theorized today that the car had either pulled onto the highway or had slowed down just before the collision.

They said that Keith Feece was apparently at the wheel of the car at the time of the accident.

Deputies said that the demolished car had to be pried open to free Keith Feece who was trapped in the rear of the wreckage and Bonnie Flinchum.

Sandra Bowker who was found in the back seat of the auto, said that she and Lawrence were riding in the back seat and Bonnie Flinchum and Keith Feece were in front at the time of the collision.

Cars' Movement Unknown.

Deputies have been unable to derermine what the car was doing just prior to the accident. It may have pulled onto the road with its lights out or may have slowed down at the sight of the flares near the disabled truck on the eastbound lane ahead.

The driver of the semi trailer was able to climb from the cab of his truck without aid, deputies said. The westbound truck spun around and came to rest facing east in the medial strip, deputies said.

The semi rig was owned by Kramer Freight Lines.

The accident is still under investigation by the Sheriff's Department but no one has been ticketed or is being held. 1962

Second Feece Brother Dies Of Ind. 2 Crash Injuries

Lawrence D. Feece, 19, of LaCrosse, died about 1:45 p.m. Saturday, the second fatality resulting from a car-truck crash on Ind. 2, west of South Bend. His brother, Keith W., 18, died in the crash almost 13 hours earlier.

Two New Carlisle girls riding in the car with the two brothers have taken a turn to the worse, according to officials at Memorial Hospital.

Sandra Bowker, 17, suffering from a severe scalp laceration and possible head injuries, is reported in critical conditon, while Bonnie Flinchum, 16, is reported in poor condition, suffering from a fractured nose and a dislocated right hip. Both were listed in fair condition when they were admitted for treatment.

Critical at Admittance.

Lawrence Feece was admitted to the hospital in critical condition with head and chest injuries.

The accident occured about 12:50 a.m. on Ind. 2, four miles west of South Bend, near the intersection of Sage Rd.

A westbound semi-trailer truck driven by Daunn Bierly, 46, of Harrisburg, Pa., rammed into the rear of the car carrying the four youths, mangling the auto and sending it careening into a field north of the four-lane highway.

The truck itself rolled over on its side and skidded across the pavement, coming to a halt facing east on its side in the medial strip.

The driver of the truck suffered minor cuts and bruises and was discharged from the hospital after treatment.

Deputies Near Scene.

Two St. Joseph County Sheriff's deputies were nearby at the time of the accident and arrived at the scene to find Lawrence Feece lying in the highway near where he had been thrown from the car by the force of the collision.

Lawrence's brother and the two girls were trapped in the wreckage of the nearly demolished 1950 two door sedan.

The car had to be pryed apart to free the fatally injured Keith Feece and the two girls from the rear portion of the mangled bulk.

Keith was pronounced dead at the scene by Deputy Coroner Dr. C. D. Nelson. He died of a fractured neck and internal injuries.

Believe Keith Was Driver.

Deputies said that Keith Feece was apparently at the wheel of the car at the time of the crash.

What the car was doing or where it came from immediately before the accident has not been determined. Deputies theorized that the auto may have been stopped off the road and pulled back on in front of the truck or may have slowed down for the flares around another truck disabled ahead on the other side of the highway.

The driver of the semi rig said he was driving west in the traffic lane when he saw the westbound car immediately in front of him.

Bierly said he did not have time to apply his brakes before the right front of the tractor rammed into the rear of the sedan.

The accident is still under investigation by the Sheriff's Department. No tickets have been issued, deputies said.

Born in LaPorte.

Keith Feece was born June 27, 1944 in LaPorte and moved, with his family, to LaCrosse eight months ago. Lawrence was born Jan. 4, 1943 in LaPorte. Both boys had been employed at Tibma's Bakery, LaPorte.

Three persons — including a 13-year-old youth — were overcome by carbon monoxide gas fumes Monday at Hudson Lake and were revived by New Carlisle volunteer firemen working with resuscitators.

George Hancz, 48, a New Carlisle home builder, and his son, Dennis, 13, were overcome by fumes from a charcoal burner in a new outdoor fishing shack at Hudson Lake.

Two ice fishermen, Herbert Runnels and Paul Van Dusen, saw Hancz collapse and summoned New Carlisle firemen. Both Hancz and his son were treated by a local physician and returned to their home.

George Pagel, 65, of Hudson Lake was overcome by gas fumes while trying to start his car inside a closed garage attached to his home.

His wife found Pagel unconscious and called firemen. Pagel was treated on the scene and removed to Osteopathic Hospital in South Bend where his condition is fair.

Reveals Plan For Building In Buchanan

BUCHANAN — Plans to tear down a large section of downtown Buchanan and replace it with new buildings, are being pushed by private interests, The Herald-Press learned today.

Alexis Slater, owner of a building in the middle of the Front st. block, said he was approached recently by William Burkett, city Urban Renewal director, concerning the project.

Slater said he understood all the buildings from his theater west to the corner would be removed. In their place would go a number of new buildings and a large parking area. "The downtown parking meters would then be removed," Slater said he was told, with the proposed parking lot to accomodate scores of automobiles.

Slater said he thinks six buildings will be torn down.

Burkett said "it's just in the talking stage, but it is definitely not an Urban Renewal project." Slater, who has a newstand, insurance and real estate office plus

a movie theater in the building, said "if it goes through, they said they would build a new theater at the corner of Front and Days ave."

Slater said he did not know all of the details of the project, but he understood that present owners of buildings to be replaced would receive shares in the investment deal.

SLATER GIVEN POOL LICENSE

Tables Are Slated For Building in Buchanan.

1963

The Tribune's Special Service.

BUCHANAN — Electus Slater has been granted a license to install and operate pool tables in the Hollywood Theater Building, according to Chief of Police George Burgoyne Sr., who's said today investigation of Slater and his commercial establishment revealed no basis on which to deny the license application.

A city ordinance provides for an investigation by the Police Department into the character, record, and habits of applicants prior to granting a license. The police chief may at his discretion certify or refuse to certify his approval of such license.

Slater announced three weeks ago at a meeting of the City Commission that he would apply for a license to install pool tables in the recreation center in the Hollywood Theater Bldg., which he plans to open. Opposition in the form of petitions and public statements to granting the license was voiced at a meeting of the commission April 8.

Seeks Legal Advice.

Chief Burgoyne said his investigation failed to indicate any concrete basis for denial, after he sought legal advice.

Under provisions of the city ordinance governing licenses the City Commission has the power to revoke the license for violation of provisions, failure of the licensee to maintain an orderly establishment free of disorderly persons, or on the basis of false statements made during application for a license.

Slater, who has been operating the theater until recently, plans to remove the theater seats level the floor, and provide space for dancing. Some of the seats will be installed around the dance floor, and in the area not used for dancing he will install coin- operated pool tables and pin ball machines. He also plans to build a concession stand near the dance area, and will personally supervise all activities at the recreation center.

STATE GETS SHORT BREAK FROM STORM

Jan 1962

More Snows Due To Hit Sections Already Buried.

United Press International.

A killer storm which lashed Michigan for three days loosened its icy grip briefly today as weather officials warned of another impending assault.

In its wake, the storm left clogged roads, snapped power lines, closed schools, at least four dead and scores injured.

It was clear and cold over most of the state early today as weary residents took a brief respite from the effects of the storm, which started Friday. But the weatherman warned that two to three inches of new snow was headed for Southern Michigan, with "considerably heavier fall" in local areas along Lake Michigan.

The prediction was bad news for many areas already buried under one of the worst storms of the year.

Drifts Block Roads.

A half-foot or more of snow was on the ground in northern areas. Brisk winds whipped the snow into deep drifts that blocked many secondary roads and isolated several small communities.

Three of the state's six weekend traffic deaths were indirectly caused by icy roads. Another man died of a heart attack while shoveling snow. Six persons died in fires, four of them in a single blaze at Livonia.

Bay City was one of the hardest hit areas. Electrical service to much of the city was disrupted and thousands of residents were left shivering in the dark for nearly six hours yesterday.

Other power failures were reported at Kalamazoo, Plainwell, Montague, Au Gres, Michigan Center, Ludington and Standish.

Main Roads Open.

The State Highway Department said most main highways were open. Roads in the southern portion of the state were slippery.

Drifting snow slowed traffic in the Lansing, Bay City, Traverse City and Grand Rapids areas. Countless schools, almost all of them rural or in small communities, were closed.

In the southeastern portion of the state, it was easier to run down the list of schools open than to add up those closed.

Street and highways not closed by drifting snow were sheathed by ice in many areas. It wasn't uncommon to see children skating on streets and roads where auto traffic could not move.

Plane service in and out of many Michigan airports was at a minimum. Detroit Metropolitan Airport traffic was virtually nonexistant during the weekend as few planes dared try the ice-covered runways. Winds of up to 50 miles an hour blew away sand as quickly as airport crews could spread it on the runways.

Route Flights to Ohio.

Many flights were routed to Ohio airports and passengers were sent there by chartered bus.

Air traffic also was halted, or curtailed, at Sault Ste. Marie, Pellston, Kalamazoo, Muskegon, Grand Rapids and Saginaw.

Detroit police reported more than 1,000 accidents during the weekend. In other cities, police fell several hours behind attempting to handle accident cases.

Power Restored.

The Tribune's Special Service.

NILES — Nearly 2,000 homes serviced by the Fruit Belt Electric Co-operative were without electricity sometime during the weekend, reported Clarence Haslinger, manager.

The disruption was in several locations throughout the co-operative's area which includes all of Cass County, Southern Van Buren County, Western St. Joseph County, and portions of Kalamazoo and Berrien Counties.

All service has been restored, Haslinger said this morning.

Heavy ice and a strong wind broke off a utility pole in Fabius Twp., St. Joseph County, Saturday night. The pole was replaced.

Work Through Sunday.

Haslinger said his workmen began work early Saturday morning and worked straight through until late Sunday night, when all service was restored.

Some telephones in Cass County still are inoperative. The service was disrupted Saturday night through the county, serviced by General Telephone Co. of Michigan. About 600 families in Dowagiac were without service.

Ice, wind and tree limbs caused the telephone wires to fall in every area of the county. Full telephone service is not expected to be restored until Tuesday night.

Sgt. William Middleton, commander of the Michigan State Police at Niles, admitted this morning that only necessary driving should be done today.

Ice Under Snow.

Middleton and Cass County sheriff's deputies both reported that all secondary roads still have a layer of ice under the snow. These roads are extremely hazardous.

The main roads have extensive slippery spots, and are snowcovered, Middleton added.

A total of 4¼ inches of snow was reported on the ground this morning in Niles at the city's measuring station. Of that amount 1¼ inches fell between midnight and 10 a.m. today.

Three schools in Cass County were closed today because of bad road and weather conditions. Closed were Vandalia public schools, Marcellus rural agricultural schools, and Geneva School in Penn Twp.

The Michigan Bell Telephone Co. of Niles reported 307 telephones were without service Saturday night and Sunday. The 69 lines servicing these telephones were repaired by Sunday night.

I&M Crews Work To Restore Service

The Tribune's Special Service.

ST. JOSEPH — More than 2,000 Berrien County homes were without electric service at various times over the weekend as ice-laden trees and branches fell onto utility wires causing them to break.

John Banyon, district manager of the Indiana & Michigan Electric Co., Benton Harbor, said that utility crews began round-the-clock service at about 4 p.m. Saturday.

He said that the average time service was disrupted was between two and three hours with some homes left without electric power up to six hours.

Two communities were without power as primary power lines were damaged. Eau Claire was the first community-wide disruption at 4 p.m. Saturday. Most power was restored by 6:15 p.m. Banyon said, and full power was restored by 9:42 p.m.

Stevensville Power Cut.

At 1:30 a.m. Sunday a primary power line providing electric service to the Stevensville area was damaged by falling branches. Service was restored by 4 a.m. Banyon said.

"We stayed pretty much even with the trouble," Banyon said of his service men. "Except for the two communities, other trouble was contained to individual homes where branches fell on the wires leading into the homes."

Telephone service also was disrupted to about 250 users in the northern half of Berrien County, Michigan Bell Telephone Co. officials said.

The company said that 50 broken wires were reported by homeowners throughout the northern half of the county. No serious disruption of service was encountered, however, officials said.

Crews Still Working.

Reports of felled telephone lines continued to come into the Benton Harbor district office this morning and officials said crews expected to be busy all day restoring service.

The ice-slicked state and county highways and city streets which caused a rash of auto accidents Saturday eased somewhat Sunday but additional snow overnight hampered traffic again this morning.

Police agencies throughout the area reported cars moving slowly over slick highways with only a few reports of vehicles going off the roads into ditches. There were no reports of serious injuries.

Smoke Fells Two.

At Union Pier, Mrs. Mary McCotter, 40, and her 13-year-old son Allen were overcome by smoke Saturday night after the power in their house was disrupted.

State police from the New Buffalo post were called to the home by a neighbor, Mrs. Frank Cardi.

Troopers found Mrs. McCotter and her son inside the home. They revied the two.

Mrs. McCotter told troopers she had started the charcoal fire on the back porch and left the door to the house open to allow heat from the burner to enter the house.

Two Workers Fall Into River

The Tribune's Special Service.

ST. JOSEPH — High winds and an icy ramp caused two men to fall into the St. Joseph River channel Sunday morning.

Leo Tidy and Larry Thornton, employees of the Anderson Co. which operates two former lake ships as potato warehouses, were thrown into the icy water as they conducted a heating inspection of the ships.

The two called for help for about 10 minutes but other workmen didn't hear them.

They finally grabbed a wire hanging from one of the ships and pulled themselves aboard a vessel. Neither required hospital treatment after their ordeal.

STIFF WINDS SLOW DOWN AREA TRAFFIC

Temperatures Dip To Below Zero Overnight.

Jan 1962

The Tribune's Special Service.

ST. JOSEPH — Drifting snow along Southwestern Michigan roads forced the closing of several schools today as roads became clogged following a three to four inch snowfall in the area overnight.

Ross Field officials said they were recording wind gusts up to 35 miles an hour at 10 a.m. today causing the accumulated 14 to 15 inches of snow on the ground to drift and reducing visibility to almost zero.

In Berrien County, north-south roads were being most seriously affected by the westerly winds.

The Berrien County Sheriff's Department closed Washington Ave. between Hilltop Rd. and John Beers Rd. to traffic due to snow drifts.

Drifts May Close Roads.

State Police at the New Buffalo post reported highways and back roads still open at 9:30 a.m. but said they were all snow covered and slippery and drifts could close some of the roads later today.

Among the schools reported closed due to lack of transportation for students were: Chadwick, Eureka, Mt. Pleasant, St. Joseph's Catholic of Watervliet and St. Joseph's Catholic of St. Joseph. Also closed was Covert School in Van Buren County.

In Cass County, Vandalia public schools, Marcellus rural agricultural schools and Geneva School in Penn Twp. were closed for the second straight day. Glenwood Union School, Dowagaic and Decatur schools were also reported closed.

Area police agencies said there were no reports of serious accidents due to the snow-covered roads, although some trucks and cars went into ditches.

Traffic Moves Slowly.

Slow-moving traffic was said to be the main reason serious accidents were not occurring, police said.

Cass County sheriff's deputies reported that several of the county roads were nearly impassable because of drifting snow.

Many of the roads still are coated with ice which froze Saturday night before the snowfall which now blankets the roads, deputies added.

The 2 degrees below zero temperature recorded in Niles from 6 to 9 a.m. has kept many motorists home, but hampers Street Department workers in clearing the roads.

Snow was heaviest in the northern tip of the Lower Peninsula where Charlevoix County has had another 15 inches fall in the 24 hours ending at 8 a.m. A huge county plow bucked into a drift on U.S. 31 at the south entrance to Boyne Mountain and was stuck fast.

Urges Flags on Cars.

In Emmett County Sheriff Frank West urged all motorists to tag their auto aerials with flags. He said this would help snowplow drivers to avoid hitting drift-buried cars and make it easier for motorists approaching intersections to be aware of cross traffic. Drifts at the intersections in the city of Petoskey are piled more than 12 feet high.

The cold that accompanied the new snow was among the bitterest of the season. The thermometer dropped to zero at Marshall and Paw Paw. Jackson reported a bone-chilling one above.

Strong winds were rapidly plugging most secondary roads throughout the west side of the state, sheriffs reported, but plows were managing to stay about even with the snowfall on the main highways, although even these roads were reported slick.

The Highway Department said U.S. 2 in the Upper Peninsula was plagued by drifting snow, but most other highways in that area were fairly clear.

Detroit escaped the heavy snow. A few flurries were reported in the northwest sections of the city, and side streets remained slick and hazardous from the effects of the weekend storm.

The weatherman warned that things would get worse before they got better. "Frequent" periods of snow were on the menu for the rest of the day. The snow was to become "locally heavy" in the Upper Peninsula near Lake Superior.

Highs today were to range from 15 to 20 in the south and 10 to 16 in the Upper Peninsula. Lows tonight will dip to near zero or below in most areas and highs Wednesday will be colder than today.

-14 LOWEST; DIP TO -7 DUE TONIGHT

Warming Trend Is Forecast for Thursday.

Jan 16 1962

National weather story on page 14.

Subzero cold ranging down to —14 numbed all of Indiana this morning, and tonight may be almost as cold, ahead of a slow warming trend.

The Weather Bureau said that more sub-zero temperatures can be expected tonight. The weatherman said that tonight's low will be about minus 7.

Thursday's warming trend, if it can be called that, will send temperatures in the area up to 14 above. However, the Weather Bureau said the warming trend will continue and that milder temperatures can be expected Friday and Saturday.

This morning's low of 14 below in sections of Northern Indiana and Southern Michigan caused more than a dozen schools to shut down. The latest count showed that 17 schools had closed either because snowdrifts hampered bus drivers or because furnaces in the schools just couldn't keep the schools warm.

School Fails to Warm Up.

Lester Davis, principal at Atwood Grade and High School near Warsaw, said the Atwood school building, built in 1909, wouldn't get any warmer than 68 degrees Tuesday, and he figured it wouldn't even get that warm today. In addition, two Atwood school buses were late Tuesday, so Davis said he ordered the school closed until the sub-zero weather subsides.

Other schools that were reported closed are, Greene Twp., Harris Twp., Hudson Twp., Olive Twp., Warren Twp., German Twp., Granger Kindergarten and St. Mary of the Assumption School in St. Joseph County; Portage Chapel Kindergarten in LaPorte County; and Berrien Springs, Three Oaks, Cassopolis, Edwardsburg, Vandalia and Olive Twp. School in Michigan.

Report Low of 14 Below.

This morning's low of 14 below was reported at Michigan City, LaPorte, Kokomo, New Castle, and at Lawton. A reading of 13 below was reported at Plymouth and Eau Claire. It was 12 below in South Bend, Buchanan, Remington, Niles, Knox, Indianapolis and Chicago. A reading of 11 below was recorded at Marcellus, Sodus and Rochester. It was 10 below at Evansville and Lafayette.

Other low readings are, 9 below at White Pigeon, Fort Wayne, Terre Haute and Cincinnati, Ohio; 8 below at Benton Harbor; 6 below at Chesterton, Paw Paw and Louisville and only 5 below at St. Joseph. It was 7 below at Valparaiso.

Weather experts at the St. Joseph County Airport, where a 12-below reading was recorded at 5, 6 and 7 a.m. today, said the mercury dropped slowly from 2 below at noon Tuesday, to 9 below at midnight, to this morning's low reading. By 9 a.m. today the mercury had risen to 8 below.

Barometer Rises Slowly.

The Weather Bureau said the arctic air is part of a giant cold air mass which slipped into much of the country from Northern Canada. The Weather Bureau said the barometer has been rising slowly from the near-record low reading of 29.04 inches of mercury recorded late Saturday night. The barometer reading this morning was 30.59 and still rising.

Weather records show that the lowest reading ever recorded in South Bend was an unofficial 33 below on Jan. 13, 1885. Other low near-record readings were, 22 below on Jan. 25, 1897 and Jan. 20, 1943; 17 below on Feb. 2, 1951 and 16 below on Dec. 23, 1960 and Jan. 25, 1961.

The bitter cold is still hampering the ice-breaking efforts of street, road and highway maintenance crews in the area. The crew leaders say, "In this sub-zero weather, the salt just won't disolve the ice."

City Orders More Salt.

Daniel W. Richardson, South Bend Street Department commissioner, said he has ordered another 250 tons of salt. He said the drain on salt so far "has been well above normal." He said his crews are still working day and night attempting to get rid of the coating of ice that was formed last weekend when freezing rain plagued much of the area.

Frank Odusch, St. Joseph County Highway superintendent, said his crews are working to keep north and south roads from drifting closed. He said the drifts are the worst in the northwest part of the county.

The Northern Indiana Toll Road was reported clear and dry this morning. There were patches of ice on the superhighway Tuesday from LaPorte to South Bend, but Toll Road maintenance crews said today that the entire road is now clear.

Icy runways at the St. Joseph County Airport are still making landings and takeoffs a touch-and-go situtation, according to Garwood Judah, airpot manager. He said the cold weather has caused only a few delays in incoming flights, and added that no accidents have been caused by the slippery runways.

Tuesday's snowfall, in the form of flurries, totaled only .2 inch at the St. Joseph County Airport. The snow depth in South Bend was 5 inches this morning.

Doctor Loses In $10,000 Jury Verdict

Nov 1962

A U.S. District Court jury early today assessed $10,000 in damages against Dr. Albert F. Kull, osteopathic surgeon and administrator of South Bend Osteopathic Hospital in a malpractice suit.

The verdict of the jury was in favor of Mrs. Evelyn M. Lloyd, 300 Elkhart St., White Pigeon, on whom Dr. Kull operated, and her husband, Clifford G. Lloyd.

However, the jury exonerated a staff surgeon at the Hospital, Dr. John L. Johnston, and the hospital as a corporation. They were also defendants in the suits of Mr. and Mrs. Lloyd.

Mrs. Lloyd was operated on in Osteopathic Hospital on Sept. 4, 1958, for a recurring internal discharge complaint. Dr. Johnston did the operation under the supervision of Dr. Kull.

Mrs. Lloyd returned to the hospital on March 9, 1959, for the removal of a fistula in the area of the first operation. Dr. Kull did the surgery.

Her attorneys, Benjamin Piser and Alexander Lysohir, argued before the jury that mistakes in the first operation caused the fistula. Over defense objections, Judge Robert A. Grant allowed testimony by two medical physicians involving this contention.

On Oct. 19, 1959, Mrs. Lloyd underwent further corrective surgery in Elkhart General Hospital with Dr. Milo K. Lundt as the surgeon. Dr. Lundt was one of the two medical physicians to testify.

The jury, returning at 1:30 a.m. today after several hours of deliberation, assessed Mrs. Lloyd's damages at $7,500 under the count alleging malpractice.

She received $500 on a count alleging assault and battery for removal of a mole from her leg without her consent during the second operation. Her husband received $2,000 damages for expenses he entailed in connection with Mrs. Lloyd's operations.

The osteopath who sent Mrs. Lloyd to Osteopathic Hospital, Dr. Raymond L. Houghton of White Pigeon, is defendant in a suit the Lloyds have against him in the St. Joseph Circuit Court in Centreville, Mich. 1962

Criminal charges were filed Monday in St. Joseph Circuit Court against Dr. Ernest H. Anderson, 37, a New Carlisle osteopah, and his wife, Frances L., 29, in connection with narcotics the osteopath allegedly prescribed for use by his wife.

Dr. Anderson was charged with prescribing a narcotic drug for purposes of satisfying addiction, and his wife was charged with possession of a narcotic drug, Demerol. They live at 401 Michigan St., New Carlisle.

The couple was released from the county jail at noon today after Anderson posted $2,500 bond and his wife, $500 bond.

The offenses allegedly occurred Friday and were discovered after Mrs. Anderson was arrested on a speeding charge. The narcotic was purchased at the Tuesley Drug Store, 2324 Lincoln Way W.

Police said the Andersons acknowledged that they are addicted to drugs.

Doctor Under Surveillance.

The affidavit alleges that the prescription used by Mrs. Anderson for the purchase was written for a 'Thomas Sprague.'

Edward F. Kaminski, LaPorte, secretary of the Indiana State Board of Pharmacy, said Anderson had been under surveillance for some time and that Anderson's narcotics license had been suspended about 18 months ago but was reinstated about six months ago.

Kaminski said the woman had taken narcotic prescriptions to be filled in stores in South Bend, New Carlisle, LaPorte and Michigan City.

Hudson Lake Group Urges Board Action

The Tribune's Special Service

LAPORTE —Officers of the Hudson Lake Home Owners Improvement Assn. Monday urged county action for improvements in the Hudson Lake area, at a meeting of the LaPorte County Board of Commissioners.

The association, headed by Charles Field, sought improvement of a half-mile of lake front road along the northwest shore of the lake.

Field said the association wants to create and improve a public beach where youth of the community swim.

Swimming Dangerous

Swimming throughout the lake is dangerous, Field complained, because of reckless boating by water skiers. He asked commissioners to alleviate the situation.

Field said the recent low level of the water has revealed three septic tanks draining into the lake. He said the association will ask the county health department to take action.

The association was formed last summer and has 120 members. 1963

2 NEW TRAINS ARE PROPOSED

1963

South Shore Would Schedule Runs to Michigan City

The Chicago, South Shore & South Bend Railroad today proposed to set up two new South Bend-Michigan City passenger trains to replace two present trains which it has petitioned to discontinue.

William P. Coliton, president, made the proposal at a public hearing of the Public Service Commission of Indiana in the Michigan City Superior Courthouse on a petition to discontinue trains 5 and 602.

He said that the new trains, which would operate at times more convenient to the public, would be contingent on the PSC's approval of the petition to discontinue the two present runs.

Would Replace Train No. 5

The present train 5, which leaves Michigan City at 5:25 a.m. CST, arriving in South Bend 52 minutes later, would be replaced with a new No. 5, leaving at 6:30 a.m. Monday through Friday and arriving in South Bend 41 minutes later, Michigan City follows Central Standard Time.

The present No. 602 leaves South Bend at 3:57 a.m. EST daily, arriving in Michigan City 37 minutes later. It would be replaced by new train 602, leaving South Bend at 12:30 a.m. EST daily and arriving 35 minutes later.

Coliton said the changes are based on suggestions received from patrons when the line applied to discontinue the two trains for a lack of patronage.

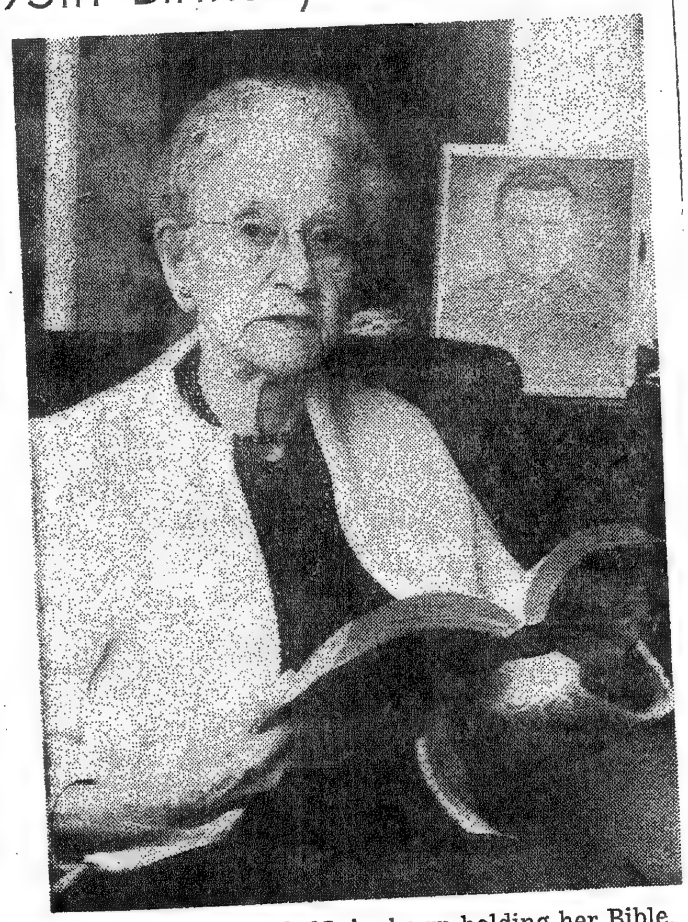
'Leap Year Baby' Noting 95th Birthday This Month



Mrs. Myra Atwood, 95, is shown holding her Bible, her "daily helper" at her home 456 Foster ave., Benton Harbor. 1963

"Do what comes your way today, for yesterday is gone and tomorrow isn't here yet."

That's the philosphy of 95-year-old Mrs. Myra Atwood, 456 Foster ave., Benton Harbor.

"Do as God would want you to do. Hold His hand and the road will be bright and shining. Be as useful as you can to yourself and others—especially others.

"Each day has its pleasures, its trials and setbacks, too. But God gives you the strength to live with them," says this sage and gracious lady.

Mrs. Atwood was born in LaPorte, Ind., Feb. 29, 1868—a leap year, so she was "cheated" out of a "birthday" this year. But her family and many friends have been showering her with attention all week, she says.

Asked what she did to celebrate her 95th year, Mrs. Atwood answered, "What didn't I do?"

"My dear friends Mrs. Bert Rowe of Berrien Springs, and Mrs. Patricia Nail gave a dinner for me at my home, complete with birthday cake. There were only 90 candles on it but it made quite a glow—on the cake and in my heart!

"When Circle five of the Methodist Peace Temple met earlier this week with Mrs. William Pape, I went to the meeting. They surprised me, singing for me and presenting me with gifts.

"My grandson, Dr. Edward Atwood, and his wife and children are taking me out to dinner Sunday, and a granddaughter Mrs. William (Helen Atwood) Dudas, called me from Grandville and she and her husband are coming to vist me later this month.

"I've received so many birthday cards I haven't counted them all, and still they come. People are wonderful to me.

"Their thoughtfulness and my memories are my treasures."

SCHOOL HOURS REGULATED

New Prairie Corp. To Operate on Same Time

The Tribune's Special Service

NEW CARLISLE — All schools in the New Prairie Metropolitan School Corp. will operate on the same time schedule when La-Porte County goes on Central Standard Time the last Sunday in October.

Supt. Leo W. Arvin said the Board of School Trustees has ordered schools at both New Carlisle and Rolling Prairie to start classes at 8:15 a.m. EST the year round and to close at 3:30 p.m., EST.

Since St. Joseph County remains on EST all year round, there will be a one-hour difference in time between the eastern and western parts of the system during the winter months.

Arvin said the arrival of high school students from Warren Twp. in the South Bend Community School Corp. before 8 a.m., EST, was a factor in the board decision. He said the South Bend corporation set the time of arrival.

The New Carlisle and Rolling Prairie schedules must coincide because students from both Hudson and Wills Twps. attend both schools, Arvin explained. In the case of Hudson, several students come into New Carlisle and change buses there for Rolling Prairie.

ONE OF THE first sights to greet an alcoholic who has been committed, either voluntarily or involuntaritly, to Beatty Memorial hospital at Westville for treatment is the stark outline of the administration building and the carefully kept grounds. Often it is many months after a patient has been processed through the building to begin treatment that he is able to reverse his steps and return through the building to the "outside." 1963 **(Herald-Argus photo)**
